QUIZ COMPITION CONDUCTED IN ECO CLUB
AND LECTURE BY RESOURCE PERSON.

Mallikarjuna Girls High School Siddar Karwar district.

INTRODUCTION

Eco clubs are the voluntary organizations formed by the students and they are directed by the Science Teachers of the concerned schools. The students of the school can join this club with their own will and wish. It is one type of organization which acts as a intermediate in between the students and environment. The main aim of this club is to bring environment awareness among the students.

Mallikarjuna Girls High School formed the Eco-Club on 03-06-2017 on the same day told the aim and activities of the Eco-Club are explained by the Science Teacher and the Headmaster, 30 students had come forward to join the Eco-Club.

MEMBERS OF ECO-CLUB

Activity Taken up – Visit to Kandla Plantation in Kali River

Activity Implemented on : 18-07-2017

Member Presents : 45

Students have participated activity to plant the young plants. Science teacher explained how the plants are helpful to us.

Activity Taken up – Rally**Activity Implemented on : 25-08-2017****Member Presents : 50**

Students have participated in Rally.

**Activity Taken up – World Ozone Day****Activity Implemented on : 16-09-2017****Member Presents : 55**

Students have participated in Drawing Competition. The selected topic was "Protection of Ozone Layer".

Activity Taken up – Dengue Awareness Programme**Activity Implemented on : 15-11-2017****Member Presents : 55**

All the students of the school, teachers and headmaster of the school have participated in this programme.

**Activity Taken up – Lecturing for H₁N₁****Activity Implemented on :21-01-2018****Member Presents : 60**

All students had participated in Lecturing programme.

CONCLUSION

Thus the activities organized by our Eco-Club has contributed in creating awareness about the conservation of environment and also strengthened our member's capacity to conduct such activities which provides support to the programme of ecological balance and gives us a life friendly environment to every organism which contributes for rich tradition of this unique world.

**GOVT URDU HIGH SCHOOL JAMIYA JALI HEBLE TQ. BHATKAL
UTTARA KANNADA DISTRICT.**

SIR JAGADISH CHANDRA BOSE ECO-CLUB

ECO –CLUB INAUGURATION

Its Objectives: Today in this competitive world everybody is aware, talking environment pollution. But when comes to individual duty nobody does, off course some are sincere and prompt but they are few countable on fingers. But save our homely planet we must think wide not fingers. But save our homely planet we must think wide not only that plans should be executed quickly... so we thought through the student's future of the world, well aware about this. We have working Eco-club and active students.

In the name of Sir Jagadish Chandra Bose who showed that even plants are having life and play vital role in balancing Ecology. As this was the fifth inauguration in our school (first being done in 2012-13) we once more made our students to know about this famous personality and were able to inspire them through this program.

Our being a village with low literacy rate and ignorant about the effects of our activities on our environment it was our duty to start this club so as to bring awareness among the villages about the environmental pollution, its effect and steps to protect the environment. In the honor of great man we have Eco club and was inaugurated by our head mistress Smt Nayana on 1th June 2017. On this occasion all staff teachers and students took oath to protect our Mother planet. The Earth from pollution of any worst and act that way immediately.

World Environmental Day Program

On 5th June 2017 in Govt Urdu High school Jamiyajali Bhatkal taluk, program has been conducted on the eve of world environmental day.

First in the there has a procession with slogans to save our environment to make awareness in the village. Afterwards teachers told about the world environment day and its importance with all staff there was a tree plantation programme and tree are protected of school. Totally programme was successful.

Quiz Competition

On July 17th 2016 a quiz compition was held in our school. The quiz consisted of questions regarding environment, tree, plants animals, birds etc. first we asked all the students to collect the leaves of different trees, feathers of different birds, flowers, fruits, roots etc. Later we asked the students the name of the trees, birds, animals related to the things showed. All the teams participated with full enthusiasm and tried their level best to answer maximum questions.

And to make Eco awareness in more meaningful way we conducted Essay competition. With a beautiful subjects causes for pollution and prevention. The competition boosted energy of students and they are in good numbers as competitor and the winner are awarded with prizes. Fifteen students participated in the essay competition while preparation of this they added some more knowledge about pollution environment.

Ozone Day Program

On 16th Sep 2017 in Govt Urdu High school Jamiyajali Bhatkal taluk, program has been conducted on the International ozone day with slogan Preservation of the Ozone layer.

The Honorable guest Mr Ali Akbar of the Islamiya Anglo Urdu High School Bhatkal deliver lecture on the Ozone Layer

Removal of Plastic Ground School Premise

On 16-9-2017 we conduct the cleanliness programme in our school. Students cleaned all the plastics which are scattering around our school campus. Science teacher Mr Jainulabideen Jamna informed students about the bad effects of plastic burning and throwing on land, by this programme students know the burning of plastic is one cause of air pollution.

Janata Vidyalay, Kasarkod, Honnavar Uttara Kannada district.

DINAKAR ECO-CLUB

ಅರ್ಥ:-“ಪರಿಸರ ವಿಜ್ಞಾನದಲ್ಲಿ ಆಸಕ್ತಿಯಿಂದ ಕಲಿಯಲು, ಪರಿಸರ ಕಾಳಜಿ ಬೆಳೆಸಿಕೊಳ್ಳಲು ವಿದ್ಯಾರ್ಥಿಗಳೇ ಸ್ಥಾಪಿಸಿರುವ ಸಂಘ”.

MEANING-ECO-CLUB IS A CLUB ESTABLISHED BY THE STUDENTS TO LEARN ENVIRONMENTAL SCIENCE WITH INTEREST, AND TO DEVELOP ENVIRONMENTAL AWARENESS TO SAVE OUR EARTH PLANET TO THE FUTURE GENERATION.

Members of Eco-Club

The activities organized under Eco-Club in the Academic Year 2017-18

1. Vanamahotsava:

Vanamahotsava is an annual tree planting movement in India, which began in the year 1950. The name Van Mahotsava means Festival of forest. It has gained significant national importance and every year, millions of saplings are planted across Indian in observation of Van Mahotsava week.

Our school celebrated Vanamahotsava in the month of July with great enthusiasm and fervor. Various activities such as skit, song, dance and sapling plantation were conducted to commemorate the occasion. Shri Shrikant Hegde, Director of Agricultural Office, Kumta was the guest on the occasion.

The guest in their speech lauded the efforts of the students and spoke about the importance of saving the environment by planting trees.

Sr. Francina, Headmistress, Nirmala High School, Kumta urged the young brigade to be proactive in conserving nature by planting trees not only in the school, but also in their neighborhood. Later students planted the saplings along with teachers and pledged to SAVE MOTHER EARTH.

2. World Ozone Day:

We observed World Ozone Day on 16th of September 2017 to bring the awareness towards the health hazards and ecological imbalance caused by the depletion of the Ozone layer present in the atmosphere. The students of Std X gave a presentation through charts and models, highlighting the main factors responsible for this destruction caused in the atmosphere and its detrimental results on all living beings. Children insisted on minimizing the use of such modern equipments like refrigerators and ACs which release the harmful EFC compound that is the root cause of weakening of the ozone layer which protects the earth from the harmful ultra violet rays of sun.

Sr. Francina, Headmistress of the Institution appreciated the efforts of the students and asked them to aware and awake the public to take care of the steps.

3. Cleanliness Drive:

Our school organized cleanliness drive on the occasion of Gandhi Jayanthi. The main purpose of this programme was to create awareness among the students regarding cleanliness and its benefits. Under this programme, all the students from VIII to X had participated. Teachers were the essential part of this drive, we all had to clean the whole school

4. Swachh Bharat Abhiyan: Chart Display Competition.

Swachh Bharat Abhiyan (SBA) or clean India Mission is a campaign in India that aims to clean up the streets, roads and infrastructure of India's cities, smaller towns and rural areas.

The school observed swachh Bharath Abhiyan from 01-09-2017 to 14-09-2017 . The students of various classes were participated in chart displaying competition. Students took mass participation in chart displaying the following teams were got prizes.

1st: Manasi and Jewel

2nd : Grishma and Shwetha

3rd: Preetam and Royson

5. Medicinal plants exhibition:

Science has become an integral part of the modern world without which the whole societal structure risks collapse. A Science exhibition being an interface of science and society contribute towards creating awareness of about science as well as creating enthusiasm in students. This year we had “Exhibition of medicinal plants” at school. Plants have been used for medicinal purposes long before prehistoric period. Traditional systems of medicine continue to be widely practiced on many accounts.

Medicinal plants exhibition for public awareness to stay healthy. A team of teachers summoned to guide the students to help them become the best future of tomorrow through the knowledge of medicinal plants and their usage to stay healthy life long.

Students were actively participated in this competition. Students of VIII and IX displayed medicinal plants/ products successfully. Some of the participants were explained the method of synthesis of extract and juices from medicinal plants. And also they were explained the uses of medicinal plants for some health issues. Dr. Bharathi and Mrs. Roopa were the judges for this competiitiion. The following students got prizes.

- 1st: Manasa and Nisarga – IX
- 2nd : Shivani and Manasi – IX
- 3rd: Deepti and Neha – VIII

6. School Gardening:

School Garden project is committed to future in which children become healthy adults who eat fruits and vegetables, know the basics of growing food steward the natural world and contribute to a thriving community. We advance our vision by helping schools develop on site vegetables gardens, where we teach children the basics of growing food, using the garden as an outdoor Laboratory. We also provided material and resources. Students of VIII and IX were actively participated in the gardening work like watering, caring, applying manure etc.

Subject : Cleanliness over the Bhavikeri Sea-shore Beach 'Arabbi Samudra'

On 10-02-2017 our School students left to the beach around 9.00 A.M and then they cleaned the beach of Harikantrawada about half K.M and the student happily participated in this work and they thought that we should be clean always. They got the idea about Kandla Trees and the micro plants grown on the beach. They are to be protected for our future. Afterwards they came back to the school and they cleaned our school surroundings.
